Hi **Ex. 6 Personal Privacy (PP)**

Let's talk when you have a chance. If the submitter is the one holding up the case – not us – it takes the HoF pressure off a little bit.

I just talked to the submitter and they are now saying that it might take them a bit longer to get the **Ex. 5 Deliberative Process (DP)**

# Ex. 5 Deliberative Process (DP)

**Ex. 5 Deliberative Process (DP)** Please let me know what you all think.

Thanks,

I don't have the HH assessment yet. I think it just went to RAC so I wouldn't expect it to be done yet. I just wanted to see if we could keep working on the HH even though there is a glitch with the COC for eco?

Makes sense to move forward as the HH report will not be affected. I am assuming that you have a completed HH risk assessment, correct?

This case is a "Hair on Fire" case and just went to RAC on Tuesday. Since this new problem is just Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) if any) would affect HH, can we still move forward with the HH assessment even though we are waiting for ecotox data?

Thanks,

Hi Ex. 6 Personal Privacy (PP)

Thank you for discussing the Eco review for the SNUN last week. You are correct that the submitter did not submit any

**Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

Is that correct?

Thanks,

Hi Ex. 6 Personal Privacy (PP)

I followed-up with our team about the eco data and they relied on the robust summaries from the ECHA registrations (links were provided in our submission). We are currently working with our colleagues in the EU to obtain copies of the full reports, but this may take a few days. I will provide an update as soon as possible.

We would also like to request copies of the EPA reports (I believe there are three: Exposure, Engineering, and Human Health) whenever they become available.

Thank you for all your attention on this case!

Best regards,
